

Wake Up Now *By Charles Pretlow*
Before the Midnight Cry

A call for the wise Christian to get ready now. He is coming soon and most are not ready!

Part One

Wake Up and Get Ready!

Learn from the parables of the wise and foolish: the wise maidens were ready, but the foolish maidens were not and were locked out of heaven. The wise man built his foundation for life on the rock; the foolish man built upon sand. When the flood came, great was the destruction of the foolish man. Christ is warning Christians to be wise by being alert, ready, and obeying all that Christ taught.

Part Two

Work Out and Grow Up!

Many good-hearted Christians are slumbering, though they attend church and even walk in the gifts. Now is the time to make sure you have worked out your own salvation and grown up into the true Christ. Learn how to make sure you do not hear these terrifying words from Christ, *"Truly, I say to you, I do not know you."*
